

Register of Governor Interests

Maids Moreton CE School

Since September 2015, Governing Bodies have been under a duty to publish their register of interests. It is important to address any perception of a conflict of interest by making clear where such potential personal or pecuniary interests might apply.

Governors must declare:

- Any relevant business interests financial, or other, and interests in an organisation that would feasibly be in a position to supply goods/services to the school
- Details of any other educational establishments they govern
- Any relationships between governors and members of the school staff including spouses, partners and relatives.

Examples (potential conflicts):

- A governor whose spouse/partner is employed by the school – *Should not take part in discussion regarding the school's pay policy or any staffing matter that might impact on their partner. Both direct and indirect decisions might impact on the salary range of senior staff e.g. increasing pupil numbers (PAN) or the age range (first to primary).*
- A governor on the management committee of a childcare provider or after school club who rent part of the school – *Should not be party to discussion involving the use of the school or their charging policy.*
- A governor who is a supplier of goods or services to the school – *Should not take part in decisions regarding the letting of contracts for that type of goods or services or where a sub-contract relationship might exist.*

Details of the governor interests for Maids Moreton CE School are listed below:
