Remote learning and Key Worker Parent Survey April 2021

Our parent survey closed towards the end of last week with 33 responses [67% of pupils]. Thank you to all those who responded. The results were as follows:

Parent survey results	Excellent	Good	Satisfactory	Unsatisfactory	Not applicable
Quality of the home learning provided	88%	9%	3%		
Clarity of instructions provided by staff	88%	12*			
Frequency/regularity of home learning	94%	6%			
Variety of tasks across the curriculum	85%	15%			
Responsiveness and communication from staff to questions and queries	97%	3%			
Support from staff during this challenging time	97%	3%			
Quality of key worker provision in school	55%	3%	6%		37%

[Each single response counts as 3%]

The comments below, reflect the very many responses we received. Thank you very much for your appreciation at this challenging time. I have passed on all your lovely comments to the class teachers and teaching assistants in recognition of all their hard work.

We found both the home learning and key worker provision excellent and couldn't have asked for anymore.

Not only was the school's provision excellent but they responded to how the keyworker children were feeling and adapted each day. They were flexible which was very appreciated as a keyworker. Whole school was outstanding.

The home learning and feedback was excellent and the key worker provision which we used in the later weeks was excellent. My son was made to feel safe and secure and we felt supported as a family during a very uncertain time.

I literally couldn't have asked for more from the teacher during lockdown! She was supportive, answered queries immediately, ran amazing zoom sessions to keep children feeling connected and put so much effort into personalising the home learning and enabling the children to access the learning (e.g voicing over every PowerPoint).

Lovely practical curriculum provided by the reception teachers! My daughter enjoyed the tasks set and absolutely loved listening to the daily stories that the teachers took the time to record and post! I feel that her phonics learning continued at a fabulous pace due to the phonics videos that were sent through. Brilliant job done but all the staff at Maids Moreton!

We felt highly supported & encouraged during home learning

Hard working and attentive staff were on hand to support and guide parents throughout lockdown. My daughter enjoyed all of the tasks set for every lesson which were clear and very simple to follow as a parent guiding the home learning.

Excellent support during the whole time. More than we could had ever ask for.

Staff made a brilliant effort to support everyone learning from home

The teachers were brilliant at adapting so quickly to online teaching and remote learning, especially given the short notice by the government. As working parents, we

did find it tricky to complete all the tasks as there was a lot given every day and some tasks took a couple of hours, which was difficult to accommodate whilst managing our own workloads too. It certainly wasn't an easy time, fingers crossed we don't have to do it again as we're sure the children are far happier at school!

I appreciate the hard times that we all had to encounter and the school did fantastic at teaching during lockdown.

The regular zoom calls were great and kept the children in contact with one another much more than during the first lockdown.

We were very pleased with the quality of the home learning and thank the teachers for doing such a brilliant job. They were incredibly responsive and replied to all our questions.

Many thanks for taking the time to respond to our survey and for your lovely comments.

Best wishes

Keira Ainsworth
