

Maids Moreton C.E. School

School Discipline and Pupil Behaviour Policy

Introduction

Maids Moreton CE School expects a high standard of behaviour from all members of the school community. We believe that good behaviour, positive relationships and discipline within the school are essential if children are to learn and teachers are to teach effectively. Without a conducive atmosphere, effective teaching and learning cannot take place. As staff we work hard to create a supportive, safe and calm school environment in which the rights and responsibilities of everyone within the school community are understood, valued and upheld. We aim to assist every child to grow up as a positive British citizen with a clear and acceptable view of what is right and wrong, appreciating the needs of others and the society around them. Our whole school approach to behaviour has been firmly established across the school for many years and reflects our mission statement, aims and Christian values.

The Behaviour Policy applies to everyone within the school community; pupils, staff, governors, parents, carers and visitors. It links closely with the Home School Agreement and the Policies for PSHE and Citizenship, Attendance, Teaching and Learning, Equal Opportunities, SEND, Health and Safety, Anti-Bullying, Managing Allegations made against Education Staff and Volunteers working with Children and Young People, The Use of Reasonable Force by Staff to Control or Restrain Pupils and Child Protection and should be read in conjunction with them. These Policies underpin the work of the school and reflect its values and aims.

Aims

As a school we aim to:

- foster a caring, family atmosphere in which teaching and learning can take place in a safe, secure and happy environment based on Christian values;
- create a positive ethos where children can thrive through the provision of a stimulating curriculum within which children enjoy the challenges of learning both independently and through positive interaction with others;

- promote good personal relationships between people based on co-operation and mutual respect, justice and reconciliation;
- encourage a caring and responsible attitude towards the lives, opinions and property of others at all times;
- eliminate all forms of discrimination, disruption, harassment and bullying;
- create a welcoming and cooperative school community in which relationships are based on mutual support, respect and trust and where everyone feels valued;
- reinforce good behaviour, by providing a range of rewards for children of all ages and abilities, which will help to promote self-esteem, confidence, and reinforce desired behaviours through good role models;
- make clear to children the distinction between minor misdemeanours and serious misbehaviour and the sanctions that will follow;
- resolve behavioural problems in a caring and sympathetic manner as they occur, in an expectation of achieving an improvement in behaviour;
- ensure that vulnerable and pupils with SEND receive behaviour support which is relevant to their specific needs;
- support those pupils who find it hard to comply with the expected behaviour within school by establishing consistent and explicit systems of discipline;
- ensure that all staff take responsibility for consistently supporting appropriate behaviour within the school, treating all children fairly and applying this Discipline and Behaviour Policy in a consistent way;
- deal quickly, consistently and fairly with any cases of bad behaviour or bullying, using de-escalation techniques whenever possible;
- establish prompt open lines of communication with parents to work in partnership to support pupils' behavioural needs;
- refer, if necessary, to the appropriate support provided by the LA;
- use exclusion as a last resort after all other avenues have been explored except where extreme physical violence is putting staff and/or pupils at risk.

The school ensures that the whole policy and its implementation is reviewed on a regular basis and its content made known to the school community.

Key Principles of Effective Behaviour Management

High standards of appropriate behaviour are achieved through:

- an effective curriculum, appropriately differentiated to stimulate and engage all pupils, accurately matched to their learning needs;
- an organised environment where all members of the school community feel safe;
- positive, consistent management of behaviour adopted by all;
- clear, consistently applied systems for rewards and sanctions;

- clear behavioural expectations;
- the modelling of appropriate behaviour;
- working in partnership with parents;
- early intervention.

Management of children's behaviour in school is carried out primarily through positive expectations and responses to good behaviour, high quality teaching and by building close relationships with children based on Christian values. Our school community acknowledges good behaviour and children are made aware of the beneficial consequences of appropriate behaviour for themselves, their class and the whole school community.

Strategies used to achieve positive and effective behaviour and discipline:

- We teach pupils how to solve their own problems through discussion and negotiation, so they learn how to think things through and talk together to establish agreement.
- With our support we help pupils to develop the ability to take responsibility for their own actions, and to see the links between their behaviour and the consequences of their actions and subsequent events.
- Speaking assertively to disruptive pupils and using language which is clear, firm, calm and decisive.
- Approaching behaviour and discipline in a positive and consistent way across the whole school.
- Encouraging pupils to offer their points of view, expressing their feelings and to listen to those of others.
- When appropriate, providing nurture sessions to support the most vulnerable and challenging pupils.
- Regular PSHCE lessons and assemblies across the school.

Our Beliefs

We believe that:

- All pupils are entitled to equal regard, just as they are entitled to equality of opportunity in learning.
- Education is about the development of the whole person. By this we mean that opportunities for pupils to develop positive values and attitudes are as important as the development of skills and factual knowledge.
- Education should be the means of achieving greater independence without impairing the rights of others.
- Relationships in which everyone may feel self respect, and show respect for other people are vital to the quality of our lives.
- Pupils should be helped to understand that:
 - (a) No individual or group should expect more or better opportunities or resources to the detriment of another.

(b) There is a group responsibility to defend each other's entitlement to learning opportunities.

We feel the above aims and beliefs are most likely to be achieved when clear rules and responsibilities concerning behaviour are negotiated, articulated and upheld throughout the school.

Our school rules

To help protect our rights & to encourage personal responsibility, we have rules for our classrooms and school community.

These rules include:

<p>Problem Rules Concerned with the ways in which we solve problems between each other.</p>	<p>Rule Play games fairly, allow everyone to join in and take turns. School Rules

In order to keep everyone safe and happy at our school we have devised the following rules:

- Be polite, kind, helpful and caring to others.
- Be gentle and respect the personal space of others.
- Be honest, always tell the truth and accept responsibility for the things you do.
- Play games fairly, allow everyone to join in and take turns.
- Inside the school building, use a quiet voice and walk calmly. Use a quiet voice in class.
- Work hard and always try to do your best.
- Follow adult instructions willingly and cooperatively.
- Follow the “good sitting and listening” rules, and remember when to be silent.
- Be in the right place at the right time.
- Respect other people, their possessions and school property.

These rules are clearly communicated to pupils and staff and are displayed in each classroom as well as in communal areas of school and on the school website. The rules are revisited at regular intervals to refresh staff and pupils. In this way, every child in the school knows the standard of behaviour that we expect.

Rewards

All pupils are encouraged to exhibit good behaviour and feel valued for their contribution to the life of the school. Praise, reward and responsibility are used effectively in a variety of ways to recognise and reward children for good behaviour. The ethos is to reward positive behaviour. The following are some of the strategies used:

- Commenting on a child’s good behaviour to other children/other classes.
- Tapestry used to keep parents informed in EYFS.
- Face-to-face dialogue with parents at the end of the school day.
- Verbal affirmation and praise for good and consistently good behaviour from all staff.
- Visual signs such as stickers.
- Children are praised in assemblies and rewarded for good behaviour, e.g. Golden Awards assemblies. Each week we nominate children from each class to receive a Golden Award. Two certificates are awarded per class. Individual children are praised and presented with their awards at the

weekly Celebration Assembly in front of the whole school. The child's name and brief explanation of the reason for the award is recorded in the school's Golden Award Book.

- Children are rewarded at the end of year assembly in church where children from each class are nominated to receive awards based on the school Christian values of courage, kindness, determination and respect.
- Children receive certificates for good attendance.
- Children visit the Head teacher for verbal praise and are presented with special Head teacher award stickers in recognition of their efforts.
- Children are given positions of responsibility such as playground leaders.
- Children earn stickers and wrist bands. These recognise effort and determination as well as attainment, good behaviour and kindness both during and out of lesson times.
- All classes have an opportunity to lead a class assembly where they are able to show examples of their best work.
- Interest Assemblies provide an opportunity for pupils to share their 'out of school' achievements and interests with their peers.
- Children learn about collective responsibility and rewards by working together towards a negotiated treat, in recognition of good behaviour. choosing or playtime.

Consequences of inappropriate behaviour

Our priority is to foster and teach positive behaviour and encourage self-discipline, but there may be occasions when a child's behaviour infringes the rights of others to equality of opportunity, to be respected and valued, to be safe, and to learn or to teach. In such situations we feel we need to describe the nature of such behaviours and their possible consequences.

By specifying the consequences of such behaviour we are making explicit what we consider is unacceptable, so that the resultant course of action is clearly understood by pupils, staff, governors and parents. Any parent or carer accepting a place at Maids Moreton CE School is therefore accepting the procedures we have agreed and adopted for responding to inappropriate behaviour.

In deciding how to manage pupil behaviour we use a traffic lighting system across all classes. This is displayed visually in all classrooms. At the start of everyday, all pupils start in the green zone. The vast majority of pupils remain in the green zone during the school day. Pupils may be moved to the yellow or red zones, if they display any of the inappropriate behaviours documented below. Pupils in the yellow zone have the opportunity to return to the green zone by modifying their behaviour and demonstrating the desired behaviours outlined in the school rules. Through this process children are reminded that they are responsible for their own actions.

Inappropriate behaviours are placed in three categories:

- 1. Abusive behaviour**
- 2. Behaviour which prevents others from learning**
- 3. Dangerous behaviour**

The behaviours and their possible consequences described below, are intended as a guide to the procedures which will be followed. Every situation is different and will be treated with sensitivity by the staff and governors at the school. Provocation is always taken into consideration and all points of view taken into account. We wish to work in partnership with parents to help pupils with behavioural/emotional challenges. We are prepared to listen and be flexible in our response. Each child is unique, so we investigate the cause of the misbehaviour and respond accordingly. In all cases time is spent with the individual child explaining why their behaviour is unacceptable and guiding them to adopt a more positive and cooperative approach. Ultimately, if a pupil continues seriously to violate the rights of others and/or shows no sign of wanting to change, exclusion will be considered.

If the behaviour occurs at lunchtime or playtime, the relevant member of staff on duty must place the child in the correct zone, explain the consequences and reasons to the child and inform the class teacher to maintain consistency over the school day. They must also complete a behaviour log and explain the details of the incident to the class teacher and/or head teacher.

- Head teacher/staff monitor pupil's behaviour & meet to discuss ongoing situation/agree action plan.
- Pupil sent home for remainder of day following a serious incident.
- Governing Body informed/involved and possible exclusion considered.
- If the child involved does not modify their behaviour then either a fixed term exclusion will take place or, in a very serious case, permanent exclusion will be considered, after consultation with the Governing Body and the LA.
- Parents have the right of appeal to the Governing Body against any decision to exclude their child.

NB. A particularly serious problem involving Health and Safety of the pupils could result in suspending the normal procedure and a child being excluded.

For further guidance on the exclusion of pupils, refer to the LA and DFE's guidance on the exclusion of pupils.

Fixed-term and Permanent Suspensions

Only the head teacher has the power to exclude a pupil from school. The Head teacher may exclude a pupil for one or more fixed periods, for up to 45 days in any one school year. The Head teacher may also exclude a pupil permanently. It is possible for the Head teacher to convert a fixed-term exclusion into a permanent exclusion, if the circumstances warrant this. If the head teacher excludes a child, the parents or carers are informed immediately, giving reasons for the exclusion. At the same time, the Head teacher makes it clear to the parents or carers that they can, if they wish, appeal against the decision to the governing body. The school informs the parents or carers how to make such an appeal. The Head teacher informs the LA and the governing body about any permanent exclusion, and about any fixed term suspensions beyond 5 days in

any one term. The governing body itself cannot either exclude a pupil or extend the exclusion period made by the head teacher. When an appeals committee meets to consider exclusion, they consider the circumstances in which a pupil was excluded, consider any representation by parents or carers and the LA, and consider whether the pupil should be reinstated. If the governors' appeals panel decided that a pupil should be reinstated, the Head teacher must comply with this ruling.

Prevention of Bullying

Bullying of any kind is unacceptable and will not be tolerated at our school. If we discover that an act of bullying or intimidation has taken place, we act immediately to prevent any further occurrences of such behaviour. While it is very difficult to totally eradicate bullying, we do everything in our power to be proactive in preventing such behaviours occurring ensuring that all children attend school free from fear.

What is Bullying?

Bullying is unacceptable behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group either physically or emotionally. Bullying can take many forms (for instance, cyber-bullying via text messages or the internet), and is sometimes motivated by prejudice against particular groups, for example on grounds of race, religion, gender, sexual orientation, or because a child is adopted or has caring responsibilities. It might be motivated by actual differences between children, or perceived differences. Preventing violence and ensuring the immediate physical safety, as well as the emotional well-being of our pupils is the school's first priority.

At Maids Moreton we adopt the following strategies to prevent and address bullying:

- All staff are aware of their responsibilities to foster an atmosphere where bullying is discouraged and each individual feels cared for and valued.
- All staff know the children well and respond decisively and quickly when issues between pupils might provoke conflict.
- We take firm action against those who are responsible for bullying and involve parents to work in partnership with the school to modify and improve behaviours.
- We keep records to monitor behaviour.
- Depending on the type of issues, pupils may be spoken to individually, as a class through Circle Time and PSHCE lessons or as a whole school through assemblies.
- Pupils are strongly encouraged, with frequent reminders, to tell an adult if they feel they are being bullied.

The school's anti-bullying procedures are outline in more detail in the Anti-Bullying Policy available on the school website.

Malicious Accusations made by Pupils Against Staff

Following a thorough investigation, if a pupil is found to have made a false accusation against a staff member, the Head Teacher will meet with the child and parents to explain the consequences of the child's accusation and sanctions will be imposed following the guidance within this policy. [see Red Zone].

Pastoral Care for Staff Accused of Misconduct.

Pastoral care for staff accused of misconduct will be provided drawing on the advice in the school policy "Managing Allegations made against Education Staff and Volunteers working with Children and Young People." 'Governors would not expect that staff so accused should be automatically suspended pending an investigation.

The Power to use Reasonable Force and Other Physical Contact.

Definitions

The definitions as laid out by the Department for Education in the July 2013 document "Use of Reasonable Force-Advice for Head Teachers, staff and governing bodies:"

"The term 'reasonable force' covers the broad range of actions used by most teachers at some point in their career that involve a degree of physical contact with pupils".

"Force is usually used either to control or restrain. This can range from guiding a pupil to safety by the arm through to more extreme circumstances such as breaking up a fight or where a pupil needs to be restrained to prevent violence or injury".

"Reasonable in the circumstances' means using no more force than is needed".

"Control means either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of a classroom."

"Restraint means to hold back physically or to bring a pupil under control. It is typically used in more extreme circumstances, for example when two pupils are fighting and refuse to separate without physical intervention".

"School staff should always try to avoid acting in a way that might cause injury, but in extreme cases it may not always be possible to avoid injuring the pupil. In school reasonable force is used for two main purposes, to control or to restrain pupils and will only be used when circumstances deem it absolutely necessary".

Reasonable force may be used to:

- Prevent pupils hurting themselves or others, from damaging property or from causing disorder;
- Remove disruptive pupils from the classroom where they have refused to follow an instruction to do so;
- Prevent a pupil behaving in a way that disrupts a school event or visit;
- Prevent a pupil leaving the classroom where allowing the pupil to leave would risk their safety or lead to behaviour that disrupts the behaviour of others;
- Prevent a pupil from attacking a member of staff or another pupil or to stop a fight in the playground.

The actions that we take are in line with government guidelines on the restraint of children. See the school's policy on "The Use of Force to Control or Restrain Pupils".

Behaviour Expectations beyond the School Gate

The same expectations of behaviour and use of sanctions also apply to unacceptable behaviour witnessed by school staff or reported to the school in the following circumstances, where children are:

- taking part in any school-organised or school-related activity
- travelling to and from school
- wearing school uniform
- in some other way, identifiable as a pupil at the school

Or any occasions which:

- Could have repercussions for the orderly running of the school
- Poses a threat to another pupil, member of staff or member of the public
- Could adversely affect the reputation of the school.

In all of these circumstances the head teacher will also consider whether it is appropriate to notify the police or anti-social behaviour coordinator in their local authority of the actions taken against a pupil. If the behaviour is criminal or poses a serious threat to a member of the public, the police will always be informed. In addition, school staff will consider whether the misbehaviour may be linked to the child suffering, or being likely to suffer, significant harm. In this case the school staff will follow its Safeguarding Policy.

Screening and Searching Pupils

The School refers to the DFE Guidance “*Searching, Screening and Confiscation –Advice for Head Teachers, school staff, governing bodies 2022*” if situations arise where pupils need to be searched or screened. The key principles are as follows:

- School staff can search a pupil for any item if the pupil agrees.
- The Head teacher and staff authorised by them have a statutory power to search pupils or their possessions without consent if they have reasonable grounds to suspect any of the following: knives or weapons, alcohol, illegal drugs, stolen items, tobacco, fireworks, pornographic images and any other article that the member of staff reasonably suspects has been, or is likely to be used to commit an offence or cause injury or damage.
- School staff can seize any prohibited item found as a result of a search.
